

Opportunities to Join Our Exciting Team

Matrix Repatterning is a major breakthrough in the field of **physical and sports medicine**. It is a unique form of manual therapy, which normalizes the body at the **cellular level**. It is a **clinically-proven** system, and the subject of an extensive research project in conjunction with a **Harvard University** researcher. Patients are delighted by the fact that they are efficiently and gently **liberated** from pain and dependence on ongoing therapy, and thus **empowered** to enjoy a more fulfilling life. Matrix Repatterning was also the subject of a recent health news segment on **City TV**.

Matrix Repatterning was developed by Dr. George Roth, a renowned author, lecturer and innovator in the field of physical medicine. Treatments have been shown to be effective, where many other techniques have failed. Benefits are **rapid** and **long-lasting**. It is currently in use around the world to treat a wide range of conditions such as: many resistant cases of sports, motor vehicle and industrial injury, as well as cardiac dysfunction, GERD, snoring and apnea, incontinence, erectile dysfunction, head injuries, frozen shoulder and ankylosing spondylitis. Matrix Repatterning has also gained a reputation for resolving many potentially career-ending athletic injuries. It is currently being used with **professional sports teams, Olympic** and other world-class athletes, as well as with **racehorses!**

Matrix Repatterning International is in the process of developing a network of leading edge centers around the world, as well as partnerships with leaders in the medical, scientific and corporate wellness communities. The Matrix Repatterning Center, located in Aurora, Ontario, is patient-friendly, serene and tastefully designed. It is supported by a highly trained and motivated team, a comprehensive business and marketing platform, and the latest clinical technology, allowing the practitioner to do their job effectively and efficiently, without administrative concerns.

A career in Matrix Repatterning can provide you with tremendous job satisfaction. It is **just plain fun!!!** As a Matrix Repatterning practitioner, you will be part of an **exciting and dynamic team**. You will enjoy the benefits of a comprehensive training program, ongoing professional development, the opportunity to provide consistently excellent care, and be handsomely rewarded for your efforts, through progressive incentive programs.

If you are looking to achieve the practice of your dreams, and growing with an organization focused on excellence, then becoming part of our team may be just what you are looking for!

We are currently interviewing eligible candidates who are chiropractors, physiotherapists or registered massage therapists. If you would like to investigate this exciting opportunity, please contact us at:
